Our primary aim is to provide support for all local people suffering from any lung condition (this is extended to their family & carers). We also issue information, provide equipment (where possible) and hold fun events. Our members have a wide variety of problems including Asthma, Bronchitis, Bronchiectasis Emphysema, Sarcoidosis, COPD, Fibrosing Alveolitis, Sleep Apnoea and Cystic Fibrosis to name but a few.

We can put you in touch with friendly people with conditions similar to your own & provide an empathetic ear to those who are isolated or housebound.

The money that Breathe Easy Cannock raise goes towards equipment for sufferers in our local area & also to the British Lung Foundation for world-class medical research to hopefully find solutions to all lung diseases.

We meet in the Conference Room on level 3 at Cannock Hospital from 7pm on the second Monday of every month. If you have trouble getting to our meeting, it may be possible to arrange transport for you. We are only a telephone call away.
