A date to remember

Change of venue and day for our Monthly Breathe Easy Meetings

We are moving the venue of our monthly meetings again. Due to restructuring at Cannock Hospital we were asked to move from the Davy Unit to the Conference Room. For a variety of reasons this room wasn't suitable for our needs so we needed to look for alternative locations. South Staffs PCT recognises the work Breathe Easy Cannock do within the community in both raising awareness of respiratory diseases and supporting individuals and carers of those diseases. As a result of this they have very kindly offered to provide us with a room and refreshments for our monthly meetings.

Our meetings will now be held at;

**The Function Room
Chase Leisure Centre
Stafford Road
Cannock
Staffordshire
WS11 4AL**

The room is not available on a Monday therefore we have changed the night of the meetings to a **Wednesday, 7.00-9.00**. Meetings will be held on every second Wednesday of the month, with the exception to December when we hold our Christmas Meal which for 2009 will be at the Barns in Huntington.

We are sure the Leisure Centre will be perfect for the needs of our members. There is ample onsite parking with some disabled bays outside the main doors; parking was always an issue at the hospital. The Function Room is located on the first floor. There is a flight of stairs of about 25-30 steps and there is a lift. Men's, ladies and disabled toilets are all located on this floor.

Due to the size of the Function Room we have the flexibility to do a variety of different activities within the room. It is also large enough to cater for an increase in members attending as our meetings become ever more popular. Our primary concern is for the safety, wellbeing and comfort of our members and we believe the Function Room is perfect for meeting those requirements.
